

# JOIN US FOR A SUMMER OF FUN THAT BUILDS CONFIDENCE

HUDSON COUNTY  
SUMMER DAY CAMP

# ABOUT OUR SUMMER CAMP

For more than 50 years, Hudson Country Montessori School has been creating summers filled with fun, growth, and confidence. Our summer camp offers joyful, active days in a safe, supportive environment - where more fun days truly lead to more confident children.

Our program is thoughtfully tailored by age, serving campers from toddlers through middle school. Each age group enjoys developmentally appropriate activities designed to engage curiosity, encourage independence, and build strong social connections in a spirited, non-competitive community.

Campers make the most of our spacious, air-conditioned, indoor and outdoor campus as they create, explore, and play. Designed as an immersive, full-day summer experience, our program provides the consistency and structure children need to feel comfortable, confident, and excited to return each day.

What sets Hudson Country apart is our experienced, caring team. Many of our counselors are professional educators who work with our students throughout the school year, helping campers feel known, supported, and at home from the very first day.

At Hudson Country, summer is a time for laughter, discovery, friendship, and confidence-building - creating memories that last long after the season ends.

# OUR PROGRAMS

## **TODDLER CAMPERS**

Our toddler summer program follows the same schedule as the school year Montessori program. Our young campers will experience additional time outdoors while maintaining their daily routines, which are essential to their development. **Limited to current and fall HCMS students.**

## **PRE-SCHOOL CAMPERS (AGES 3-5)**

Our preschool campers enjoy working on Montessori lessons, sports, hands-on science, cooking, music and movement, and arts and crafts weekly. Our on-site “field trips” have included petting zoos, museum programs, sports instruction, and more.

## **JUNIOR CAMPERS (AGES 6-8)**

Our junior campers enjoy sports, cooking, and performing arts. They work with experienced staff on innovative projects, hands-on experiments, and guided discovery of the natural and technological world. They also participate in fun, educational and recreational off-site field trips planned throughout the summer.

## **SENIOR CAMPERS (AGES 9-12)**

Our senior campers work with experienced staff on innovative projects, hands-on experiments, and group and individual projects related to the components of the natural and technological world. They also participate in fun, educational and recreational off-site field trips throughout the summer.
