2018-2019

HUDSON ENRICHMENT PROGRAM

WELCOME TO HEP SESSION II

2018-2019

Dear HCMS Families,

The Hudson Enrichment Program (HEP) is designed to give our students the opportunity to continue their educational, physical and social development at our school. It is also designed to give families the convenience of after-school programs without the need to drive to a different location.

We have prepared this document to provide you with a guide of the courses offered during this Session and a brief description of each. Please take a moment to review the document and find the right class for your child. Enrollment will begin the week of December 10th through January 4th. Please consider that ages may vary for specific classes.

Enrollment is on a first come, first serve basis. Class offerings are dependent on enrollment. We are hopeful we will have enough enrollment to offer all the classes in the program. However, if a class does not have enough students enrolled, we will notify you. Based on the HEP form you will complete for enrollment, you will be contacted regarding your second choice.

If you have any questions you can email our HEP Coordinator, Ms. Lauren Kaechele, at ms.kaechele@hudsoncountry.org. Thank you for your support and for being a valued member of our community. We look forward to an amazing second semester at school.

Regards,

Ms. Neeru Bhambree
Director of Education
